

## Main international contracts obtained in 2007 by geographical area

**BOUYGUES CONSTRUCTION  
COLAS  
DEGREMONT  
EUROVIA  
FREYSSINET  
OTV  
RAZEL**

**SADE  
SOLETANCHE BACHY  
SPIE  
SPIE BATIGNOLLES  
VEOLIA WATER SOLUTIONS AND TECHNOLOGIES  
VINCI CONSTRUCTION**

## MAIN INTERNATIONAL CONTRACTS OBTAINED IN 2007

- By geographical area -

\*\*\*\*\*

July 2008

### EUROPE

---

#### Belgium

- **CFE (Vinci Construction)** : Namur main sewer, design and construction of a Vortex plant - €32.7m
- **CFE (Vinci Construction) / Van Wellen** : Diabolo, development of a new railway for the access to the Zaventem airport from the Northern and Eastern parts of the country - €125.8m
- **CFE (Vinci Construction)** : renovation of the Brussels Conference Center - €28.4m
- **CFE (Vinci Construction)** : development of the Longdoz area in Liege and construction of a shopping mall - €73.5m
- **Colas** : Place, Louvain (Flandres) : road work including drainage and motorway bridge construction - €10.7m
- **Sodraep (SADE)** : five years framework contract for construction, maintenance and repair of hydraulic structures in Brussels for VIVAQUA - €30m
- **Sodraep (SADE)** : three years framework contract for gas and electricity connection works in Brussels for SIBELGA - €7.5m
- **Sodraep (SADE)** : works for adapting the storm bowl of Dries Street in Woluwe Saint Lambert in the Brussels region for VIVAQUA - €4.555m
- **Sodraep (SADE)** : execution of a sewer by a trenchless method in Beauvechain for IBW (Intercommunale du Brabant Wallon) - €3.9m
- **SPIE Belgium** : ELECTRABEL, Tihange : electrical works - €14.5m
- **SPIE Belgium** : PROVIRON BIODIESEL, Oostende : installation of a biodiesel, studies of the electrical, mechanical and piping parts - €6.6m
- **SPIE Belgium** : MIROM, Roeselare : installation of an energy recovery system - €6.5m
- **SPIE Belgium** : GAUCHERET SA, Brussels : installation HVAC in Zenith tower - €5.6m
- **SPIE Belgium** : LCL, Brussels-Diegem : electrical installation in a building - €4.6m
- **SPIE Belgium** : SNCB, electrical installation on railway line Brussels-Lembeek - €4.1m
- **SPIE Belgium** : Brussels, renovation of electrical installation for ING offices - €4m
- **SPIE Belgium** : SOWAER, Gosselie (Charleroi airport) : oil park, hydrocarbon specials techniques - €4m
- **SPIE Belgium** : INEOS PHENOL, Doel (Antwerpen) : electrical and installation subcontract for all unit - €3.8m
- **SPIE Belgium** : JANSSEN PHARMACEUTICA, Geel en Berse : maintenance contract for electrical and mechanical works - €3.5m
- **SPIE Belgium** : AED, installation and replacement of component of low currents in Brussels subway line - €3.1m

#### Croatia

- **Colas** : Djakovo/Osijek Highway, construction of 3.9 km new pavement road - €12.3m

#### Czech Republic

- **Bouygues Construction** : renovation of the wastewater treatment system of nine towns and villages east of Prague - €12.5m

- **Bouygues Construction** : construction of a residential scheme in the Prague suburbs : nine four-to five-storey buildings with 136 apartments, 22 villas and shops - €18m
- **Bouygues Construction** : construction of a 95-unit residential complex in Prague - €7.8m
- **Colas** : Route I/53, Lechovice bypass : construction of 4.6 km new pavement road - €9.9m
- **FCC (Vinci Construction)** : Cornolft Saldova, construction of a residential complex, car parks and shops in Prague - €14.9m
- **Prumstav (Vinci Construction)** : « Nova Harfa III », residential complex - €18.7m
- **SMP (Vinci Construction)** : part of the Prague ring road - €16.2m
- **SMP (Vinci Construction)** : Charles bridge renovation in Prague - €6.7m
- **SMP (Vinci Construction)** : Tusimice II, contracts for the renovation of the Tusimice power plant - €34m
- **SSZ (Eurovia)** : optimisation of the Cheb-Planá u Mariánských Lázní section of railway : fitting out work of a section of the line from Prague to Frankfurt, used by high-speed trains and goods trains. The construction of this 40 km section includes 53 sets of points, 41 civil engineering constructions, 47 culverts, 9 km of noise-reduction walls, together with drainage work. The works will take nearly three years - €135m
- **SSZ (Eurovia)**, leader of the joint venture / **SMP (VINCI Construction Filiales Internationales)** : contract for the construction of a 16 km section of the D8 motorway between Lovosice and Rehlovice (to the north of Prague). The works include, in particular, the construction of three motorway junctions, three civil engineering constructions, two tunnels and the laying of 550,000 m<sup>2</sup> of macadam. This section is expected to be brought into service by the end of 2010 - €325m (SSZ share : €156m)

## Denmark

- **Colas** : ZI Arslev, Arrhus city (Jutland) : development of a new industrial area including earthmoving, drainage, creation of tunnels for bicycles and pedestrians, resurfacing - €8.4m

## Germany

- **Eurovia Infra / Eurovia Verkehrsbau Union / Eurovia Beton** : construction of a new 24.5 km section of the BAB A4 six-lane motorway. The contract includes the construction of 3 sliproads, 3 large viaducts and 24 smaller civil engineering constructions, and the erection of 4,575 m of noise-reduction walls - €183m
- **Eurovia Verkehrsbau Union / Eurovia Beton** : construction of one of the runways and of aircraft parking areas at the new Berlin Brandenburg International airport. This contract consisted of constructing and fitting out one of the two take-off and landing runways, taxiways and of aircraft parking areas - €215m
- **G+H (Vinci Construction)** : thermal power plant at Boxberg, façade works - €11.3m
- **SKE (Vinci Construction)** : construction of the Kierchseeon and Lomar schools (PFI) and public library of Mülheim (PFI) - €109.6m
- **SKE (Vinci Construction)** : housing renovation, Robinson barracks in the region of Stuttgart for the US Army - €16.1m

## Hungary

- **CFE Hungary (Vinci Construction)** : shopping mall in Budapest - €64m
- **Colas** : Intermodal Traffic Center, Gyor-Gonyu National Harbour : construction of 11.92 km railway track connection between the main track and the port. This project includes installing gas supply pipes, drinking and water supply pipes, rainwater pipes, electrical wires, modification of road n° 1 and road connections to the port - €18.3m
- **Colas** : Metro line 4 (3 stations), Budapest : demolishing and reconstruction works (28,500 m<sup>2</sup> of pavement, 35,800 m<sup>2</sup> of side walk, 4 km of railway track, 1.8 km sewage pipes, 2.5 km of drinking and water supply pipes, 682 m gas supply pipes) - €40.5m
- **Colas** : M6/M 60, Szekszard-Boly-Pécs : 78 km of pavement highway including 9 viaducts and 4 tunnels - €342.1m
- **ETDE (Bouygues Construction)** : installation of air conditioning and fire protection systems and design of building management systems for the Arena Plaza shopping centre in Budapest - €14m
- **SADE Magyarorszag (SADE) / Vegyepszer** : works to improve the sewerage network of the Zalaegerszeg City - €7.865m (Sade Magyarorszag share : €5.031m)

- **SADE Magyarország (SADE)** : rehabilitation of the sewerage network in the city of Veszprem - €4.855m
- **SADE Magyarország (SADE)** : construction of water networks (drinking water, liquid waste, rainwater, spraying) and public lighting and green field of Tarjan in the Szeged City - €2.316m
- **Solétanche Bachy** : Budapest metro, diaphragm wall for the Fövam station - €8m

### Lithuania

- **Eurovia Lietuva** : Kelias nr 116 Sirvintos-Kernave Dukstos (km 16.1-22.1) : reconstruction of a country road 7 m wide, for a length of 6 km, for the Lithuanian Department for Transport. Planing of the existing road, then laying a base course of unbound aggregate and two courses of macadam - €2.1m

### Luxemburg

- **CLE S.A. (Vinci Construction)** : "Rives de Clausen" (stage 2), renovation of the old Mousel breweries - €16.6m

### Netherlands

- **SPIE Nederland** : TOTAL, Topsides K6N/K6CP : change of 2 offshore oil rigs - €9.9m
- **SPIE Nederland** : RIJKSWATERSTAAT, installation of traffic information system - €6.3m
- **SPIE Nederland** : TOTAL, Total K6 Topside : detail-engineering - €3m
- **VINCI Construction Grands Projets (VINCI Construction) / Entrepose Contracting (Vinci Construction) / Techint (Italie) / Sener (Espagne)** : LNG Gate in Rotterdam, achievement of 3 liquified gas tanks (180,000 m<sup>3</sup> each) - €207m (VINCI Construction Grands Projets share : €71m ; Entrepose Contracting share : €136m)

### Poland

- **Bouygues Construction** : construction of the 34,000-sq.-metre Jana Kazimiera housing block in Warsaw - €20m
- **CFE Polska (Vinci Construction)** : construction of a building in Gdansk for Leclerc - €44.3m
- **CFE Polska (Vinci Construction)** : construction of an industrial building for Saint-Gobain, float glass factory - €35m
- **Colas** : S11, section Poznan/Kornik (phase IV) : construction of 5 km pavement road including 11 km of pavement works on local roads, creation of 4 motorway bridges - €14.6m
- **Eurovia Polska (venture manager) / Eurovia VBU / Warbud (VINCI)** : contract for the modernisation and widening of Glogowska Street in Poznan, extending it to 2 x 3 lanes. The teams from Eurovia Polska have started work on the demolition of buildings along the new route, the earthworks along the typical section and adjacent to the constructions, and also on the services - €23.5m
- **Eurovia Polska** : modernisation of the Zederman-Jerzmanowice section (8 km) of National Road 94 on behalf of the Polish Department for Transport : services, civil engineering constructions and roadworks - €7.4m
- **Warbud (Vinci Construction)** : « Renoma Centrum Handlowe », shopping mall in Wroclaw - €58m
- **Warbud (Vinci Construction)** : « Melody Park », housing complex located in Pulawska street in Warsaw - €30m

### Portugal

- **SADE** : works of maintenance and extension of the gas networks in the cities of Alcochete, Barreiro, Moita and Montijo for Setgas - €1.8m
- **Spie Batignolles Europe (Spie Batignolles)** : construction of the Madère Faja Ovelha Tunnel - €20.1m
- **Spie Batignolles Europe (Spie Batignolles)** : construction of the Trofa Tunnel - €7.9m
- **Veolia Water Solutions and Technologies** : Artenius project, plant for the production of the site's utilities : steam, electricity, demineralized water, industrial gases and effluent treatment - €35m

## Romania

- **Acvatot (SADE)** : works for water networks of Erra's Mall in the City of Iasi on behalf of Viarom (Vinci Group) - €2.615m
- **Acvatot (SADE)** : road and drainage works for the Logistic Center in the City of Remetea Mare on behalf of Habau - €2.478m
- **Bouygues Construction** : construction of The Oaks residential complex in the eastern suburbs of Bucharest comprising 288 luxury homes - €62m
- **Bouygues Construction** : construction of the 24,000-sq.-metre Cefin Logistics Park in Bucharest - €9m

## Russia

- **Solétanche Bachy** : Rossia Tower, diaphragm wall foundations for a 600-meter tower in Moscow - €51m

## Slovakia

- **Eurovia Cesty / Colas / Strabag** : contract for an 8 km section of the bypass to the town of Svidnik. The works include the construction of services, earthworks, roads and civil engineering constructions. Contract period : 2 years (2008 and 2009) - €21.2m
- **Eurovia Cesty** : construction of paved areas, roads and drainage for storage warehouses on behalf of the German investor Goldbeck - €5.3m

## Spain

- **Degrémont** : reverse osmosis desalination plant in Muxtaemel
- **Degrémont** : design, construction and operation of a desalination plant for the region of Marina Baja
- **Degrémont** : drinking water production plant in Cenajo with a capacity of 518,400 m<sup>3</sup>/day
- **Entrepose Contracting, 50% (Vinci Construction) / Acciona, 50%** : design and construction of a LNG reception and storage tank with a capacity of 155,000 m<sup>3</sup> - €30.5m (Entrepose Contracting share)
- **Probisa (Eurovia)** : construction of a new 9 km section of the M410 expressway near Madrid - €15m
- **Probisa (Eurovia)** : laying of 3,600 tonnes of coloured road surfacing to pave a multimodal lane between Taraguilla and Guadiaro in the south of the country. The lane blends perfectly into the Andalusian countryside - €1.2m
- **Solétanche Bachy** : Porta Firal, Barcelona : diaphragm walls and anchors for an urban excavation - €18m
- **SPIE Sud-Ouest** : TELEFONICA, varied works following maintenance contract - €3.8m
- **SPIE Sud-Ouest** : SACYR, electrical works and HVAC : DAMM warehouse - €2.9m
- **Veolia Water Solutions and Technologies** : design and construction of a reverse osmosis seawater desalination plant located at Campo de Dalías in the province of Almeria - €40m

## Switzerland

- **Colas** : creation of the Cornavin-Meyrin-CERN tramway line in Geneva. Work includes civil engineering and asphalt overlaying - €9.5m
- **Infratunnel (Spie Batignolles TPCI)** : construction of a road tunnel for the Bern canton - €13.7m

## Ukraine

- **Solétanche Bachy** : Kiev Okipnoi, piling foundations and main building construction - €19m
- **Solétanche Bachy** : Crystal Park Pobedy, civil works and foundation for an office development - €15m
- **VINCI Construction Grands Projets, 50% (Vinci Construction) / Bouygues Travaux Publics, 50%** : construction of the New Safe Confinement in Chernobyl : containment shelter for the existing sarcophagus on the damaged reactor. Project currently in the design phase - €432m (total)

## United Kingdom

- **Bouygues Construction** : design, construction and operation/maintenance for 30 years of the New Tyne Tunnel, a new vehicle tunnel beneath the River Tyne, in Newcastle - €500m
- **Colas** : Area 10, Manchester Highways Agency : 5 years of maintenance, scheme design and management contract of motorway and trunk roads around Manchester - €113.9m
- **Colas** : West, Southern and West Midlands railways : replacement of railway tracks - €50m
- **ETDE (Bouygues Construction)** : operation and maintenance of 22,000 lighting points in the borough of Redcar and Cleveland in northern England - €66m
- **Ringway Infrastructure Services (Eurovia)** : five year framework contract for highway works with the London Borough of Islington. The works include regeneration and improvement projects, asphalt surfacing, traffic calming, cycle lanes, roadmarking, drainage and the installation of road signs - €3 a year, total €15
- **Ringway Infrastructure Services (Eurovia)** : the London Borough of Barnet has awarded Ringway Infrastructure Services a five year contract for the provision of highway services, which include minor civil engineering, vehicle crossovers, roadmarkings, anti-skid treatments and asphalt surfacing. The works include planned maintenance and improvement projects - €5m a year, total €25m
- **Solétanche Bachy** : Riverside South Canary Wharf, deep foundations - €19.8m
- **SPiE Matthew Hall** : JPMorgan, perennial maintenance contract - €69m
- **SPiE Matthew Hall** : NEC, perennial maintenance contract - €53.5m
- **SPiE Matthew Hall** : St Pancras, station fit out - €31.2m
- **SPiE Matthew Hall** : Addiewell prison, design and build - €22.1m
- **SPiE Matthew Hall** : British Airways, CIP (Commercial Important Person) : lounge design and build - €18.5m
- **SPiE Matthew Hall** : Eisai Hatfield, design and build - €16.8m
- **SPiE Matthew Hall** : Gatwick Detention Centre, design and build - €12.5m
- **SPiE Matthew Hall** : St Pancras station, maintenance for CTRL - €8.8m
- **SPiE Matthew Hall** : Telehouse, perennial maintenance contract - €7.5m
- **SPiE Matthew Hall** : McLaren Technology Centre, perennial maintenance contract - €4.5m
- **Veolia Water Solutions and Technologies** : modernization of a major wastewater sludge incineration scheme at Shell Green in Cheshire - €66m
- **VINCI Construction Grands Projets, 33% (Vinci Construction) / Morgan Est, 33% / Sir Robert Mc Alpine, 33%** : first phase of M1 motorway widening contract - €138m (VINCI Construction Grands Projets share)
- **VINCI Plc (Vinci Construction)** : Doncaster schools (PFI) - £45m
- **VINCI Plc (Vinci Construction)** : Sellafield, silos direct encapsulation plant - £36m
- **VINCI Plc (Vinci Construction)** : Mason Hall student accommodation - £33.5m

## AFRICA

---

### Algeria

- **Colas** : Algerian Railways, Bejaia : replacement of the railways and ballast - €15.9m
- **Degrémont** : Koudiat Acerdoune, drinking water production plant with a capacity of 207,600 m<sup>3</sup>/day

### Angola

- **Degrémont** : drinking water production plant in Luanda (2<sup>nd</sup> stage)
- **SPiE Oil & Gas Services** : FINA PETROLEOS DE ANGOLA, Soyo area, pipeline network : engineering, procurement, construction and pre-commissioning - €9.5m
- **SPiE Oil & Gas Services** : ENI, Forcom : supply of casing and tubing - €8.1m
- **SPiE Oil & Gas Services** : ESSO, Forcom : inspection and maintenance of pipes (blocks 18 & 31) - €3m
- **SPiE Oil & Gas Services** : CABINDA Gulf Oil Company Limited, electrical works, instrumentation and telecommunication on oil rig of "Mafumeira Norte" - €3.2m

## Benin

- **Colas** : Akossambo Road, Souvenir's Place, Houéyiho-Cotonou intersection : construction of a double carriage drive - €11.1m
- **Colas** : aircraft parking, Cotonou Airport : construction of the parking including excavation, lay down operation drainage, supply of specific equipment, lighting works - €8.6m
- **Colas** : Djougou-N'Dali road, rehabilitation and resurfacing works - €27.6m
- **Franzetti Bénin (SADE) / RMT** : construction of drinking water supply networks in the cities of Dassa, Glazoué, Nikki, Kandi, Azové-Aplahoué-Djakotomey, Tanguiéta and Sakété on behalf of SONEB (Société Nationale des Eaux du Bénin) - €4.574m (Franzetti Bénin share : €3.647m)
- **Sogea-Satom (Vinci Construction)** : rehabilitation of the "Pobe-Ketou" road - €27.6m
- **Sogea-Satom (Vinci Construction)** : rehabilitation of the "Banikoara-Kandi" road - €24.6m

## Burundi

- **Sogea-Satom (Vinci Construction)** : "Giteag Muyinga" NR 12 road - €38m

## Cameroon

- **Razel** : opening up roads in Yaoundé (lot 6) - €1.874m
- **Razel** : road improvement in Yaoundé (lot 2, Olezoa) - €4.858m
- **Razel** : rehabilitation of « réseaux viaires » in Douala - €9.077m
- **Razel** : Wouri bridge rehabilitation - €7.864m
- **Sogea-Satom (Vinci Construction)** : Muea-Kumba road - €21m

## Chad

- **Sogea-Satom (Vinci Construction)** : construction of the Moundou-Doba road - €78m

## Congo Brazzaville

- **Sogea-Satom (Vinci Construction)** : construction of the "Maya Maya" Airport new runway and taxiway - €60m

## Egypt

- **Colas** : Cairo metro, line 3 : electro-mechanical works - €40m
- **Degrémont** : design, build and operate the Gabal El Asfar wastewater treatment plant extension in Egypt. The facility, located to the east of Cairo, needs to be extended to handle an additional capacity of 300,000 m<sup>3</sup>/day. The new section will consist of a sand and oil & grease removal facility, a primary decantation, a biological treatment for the elimination of organic pollution and a final clarification unit - €34m
- **Degrémont** : renewal of the operating contract of the current Gabal El Asfar wastewater treatment plant by the Construction Authority for Potable Water and Wastewater (CAPW), for a period of three additional years - €19.5m
- **VINCI Construction Grands Projets, 28.5% (VINCI Construction) / Arab Contractors, 27.5% / Bouygues, 26% / Orascom, 18%** : line 3 of Cairo metro, civil engineering works - € 235m (VINCI Construction Grands Projets share : €71m ; Bouygues Construction share : €61.1m)

## Equatorial Guinea

- **Bouygues Construction** : construction of a sports complex in Malabo (1,000-seat multisports hall, an indoor swimming pool, tennis courts, a football pitch and a 100-room hotel) - €37m
- **Razel** : Malabo, roads of Banapa - €7.096m
- **Sogea-Satom (Vinci Construction)** : Evinayong city by-pass works - €15m
- **Sogea-Satom (Vinci Construction)** : Evinayong-Engong road - €64.6m
- **Sogea-Satom (Vinci Construction)** : Sendje-Mbini road - €35m

## Gabon

- **Colas** : RN1, Pk 5/Pk 13 section : reinforcement of 8 km pavement road - €4.5m

- **Sogea-Satom (Vinci Construction)** : Libreville sewage and urban road works - €29m

### Ivory Coast

- **Franzetti Côte d'Ivoire (SADE)** : construction of 16 foundations for the building of the President's Palace in Yamoussoukro for PFO (Pierre Fakhoury Operator), subcontractor of Vinci - €4.041m
- **Franzetti Côte d'Ivoire (SADE)** : excavation of 25 kilometers of trenches for the settlement of an hydrocarbons pipeline linking Abidjan to Bouake on behalf of Petroci Holding - €4.008m

### Madagascar

- **Colas** : Dynatec mine site, Ambotovy : this project consists of earthworks, construction of access roads from the plant to the port including concrete and aggregate supply - €90.2m
- **Veolia Water Solutions and Technologies** : crystallisation plant to the Ambatovy nickel and cobalt project - €30m

### Mali

- **Razel** : Kali weigh station - €2.08m
- **Razel** : Sékokoto-Bafing road - €23.056m

### Mauritania

- **Razel** : drinking water plant in Nouakchott-Aftout Essahli - €29.667m
- **Razel** : installation of smelting pipes with a diameter of 1,400mm (lot 4) for SADE company - €29.7m (Razel share)
- **SADE** : construction of drinking water supply networks in the City of Nouakchott (lot 4) on behalf of SNDE (Société Nationale De l'Eau) : supply and installation of 200 kilometers of pipes - €203m

### Morocco

- **Bouygues Construction / SAIPEM** : construction of the roll-on/roll-off ferry port in Tangiers - €150m
- **CTHM (SADE) / SEFIANI** : construction of the sewerage network and roads and drainages for the Atlas Golf Resort in Marrakech on behalf of Saidia Immobilière (Fadesa Group) - €4.190m (CTHM share : €1.855m)
- **SADE** : drinking water supply works of Port Lixus on behalf of Salixus - €1.785m
- **SADE** : extension of the sewerage network of Mzar District in Agadir on behalf of RAMSA (Régie Autonome Multi-Services d'Agadir) - €1.645m
- **Sogea-Satom (Vinci Construction)** : Oued Inaouen Taza viaduct - €17.9m

### Mozambique

- **ETDE (Bouygues Construction)** : extension and construction of power networks in northern Mozambique : 600 kilometres of low- and medium-voltage lines and 230 distribution transformers - €11.5m

### Senegal

- **Degrémont** : design, build and finance the Keur Momar Sarr (KMS 2) drinking water production plant extension in Dakar - €17m
- **SADE Sénégal SA** : restructuration works of Parcelles Assainies's pumping stations in Dakar on behalf of ONAS (Office National de l'Assainissement du Sénégal) - €3.456m
- **SADE** : extension works of the drinking water supply networks and construction of 9 water towers in Louga Area on behalf of Direction de l'Hydraulique Rurale - €3.012m

### South Africa

- **Bouygues Construction** : construction of a 46,000-seat stadium in Nelspruit for the Football World Cup in June 2010 - €75m
- **DEME (Vinci Construction)** : Durban port, dredging works - €38.5m

## NEAR & MIDDLE EAST

---

### Oman

- **Veolia Water Solutions and Technologies** : steamwater treatment unit for an onshore oil extraction platform on behalf of PDO company (Petroleum Development Oman) - €35m
- **Veolia Water Solutions and Technologies** : reverse osmosis desalination plant near Sur - €60m

### Qatar

- **Vinci Construction Grands Projets, 49% (Vinci Construction) / Qatari Diar, 51%** : design and construction of car parks in Lusail - €88.5m (Vinci Construction Grands Projets share)

### Saudi Arabia

- **Ménard (Freyssinet, Vinci Construction)** : The King Abdullah Science and Technology University (KAUST), soil reinforcement (dynamic compaction and stone columns) - €32m (contracts 1 and 2)
- **Veolia Water Solutions and Technologies** : Marafiq project, thermal desalination unit for Jubail and the Northeastern part of Saudi Arabia - €700m

### United Arab Emirates

- **Degrémont / Besix** : design, build and operate a wastewater treatment and reuse plant for 10 years as part of the Jumeirah Golf Estates real estate development at Dubai (220,000 m<sup>3</sup>/day). It also covers the installation and operation of a system to collect sewage and distribute treated water spanning nearly 40 kilometers - \$800m (Degremont share : \$432m)
- **DEME (Vinci Construction)** : construction of an artificial island at ras al Khaimah - €30m
- **DEME (Vinci Construction)** : Khalifa Port, dredging works - €28m
- **ETDE (Bouygues Construction)** : electrical, air conditioning and plumbing works for the Ritz-Carlton hotel in Dubai - €40m
- **OTV (Veolia Water Solutions and Technologies) / SIDEM (Veolia Eau Solutions & Technologies)** : design and construction of a desalination plant seawater reverse osmosis with a capacity of 128,000 m<sup>3</sup>/day and located near to Qidfa. The operation of this new factory is planned for summer 2010 - €134m
- **Veolia Water Solutions and Technologies** : first desalination plant in the Emirate of Fujairah using the combination of the two main technologies : Multiple Effect Distillation (MED) and reverse osmosis - €580m

## ASIA / OCEANIA

---

### Australia

- **Bouygues Construction** : construction of a 280-metre-long viaduct over a river in the centre of Brisbane and an interchange capable of carrying 85,000 vehicles a day - €105m
- **OTV (Veolia Water Solutions and Technologies) / Veolia Water Australia** : design and build of a reverse osmosis seawater desalination plant with an initial capacity of 250,000m<sup>3</sup>/day and located in Sydney. Water will be delivered to Sydney residents by the Australian summer 2009/2010 (November to March) - €84.4m

### China / Hong Kong

- **Bouygues Construction** : Macau, M&E works for the Venetian Cotai casino : air conditioning, ventilation, power distribution, fire protection, etc. - €83m
- **Degrémont** : supply of the first ultrafiltration drinking water treatment plant Shanghai Luoqing in mainland China, with a capacity of 22,000 m<sup>3</sup>/day
- **Degrémont** : design services with Beijing Water Works for Pekin III drinking water plant extension
- **Degrémont** : construction of a new sludge drying plant in Chongqing with three Innodry®2E sludge dryers

- **Shanghai Pudong Water Supplying and Draining Construction Engineering Company (SADE)** : extension works of the drinking water supply networks of PuDong in Shanghai on behalf of Shanghai Pudong Veolia Water - €1.284m
- **Solétanche Bachy** : City of Dreams, large diameter piles for foundations of the casino - €7m

### India

- **Degrémont** : construction and operate of one of the largest drinking water production plant of the world, in Bombay. The facility provides 1 million m<sup>3</sup>/day of drinking water to four million of additional persons - €59m
- **Degrémont** : design, build and operate for 10 years of a water treatment plant in New Delhi, with a capacity of 130,000 m<sup>3</sup>/day - €27m

### Malaysia

- **Freyssinet International & Cie / Freyssinet (Vinci Construction) / PSC (Malaysia)** : Penang bridge, stay cables replacement - €30m (Freyssinet share : €22m)

### Mongolia

- **Degrémont** : equipments supply for Erdenet wastewater plant extension (48,000 m<sup>3</sup>/day) - €8m

### Philippines

- **ETDE (Bouygues Construction)** : electricity supply for 128 isolated villages in the Masbate province. The new infrastructure will enable 18,000 families to be connected to the grid. The contract is part of a sponsorship initiative fully funded by the French government - €17.5m

### Singapore

- **Solétanche Bachy** : Metro Down Town line, section 908 : station and tunnel in JV with Samsung - €50m (Solétanche Bachy share)
- **Solétanche Bachy** : Metro Down Town line, section 906 : diaphragm walls - €45m
- **Solétanche Bachy** : Woodsville, diaphragm walls and barrettes for an urban excavation - €11m

### South Korea

- **Freyssinet Korea (Freyssinet, Vinci Construction)** : Geoga bridge, stay cables - €15m
- **Freyssinet Korea (Freyssinet, Vinci Construction)** : Incheon bridge, prestressing works - €8m

### Vietnam

- **Freyssinet International & Cie (Freyssinet, Vinci Construction)** : Phu My bridge, stay cables - €11m
- **Solétanche Bachy** : Electricité du Vietnam, diaphragm walls, barrettes and anchors in Hanoi - €6m

## NORTH AMERICA

---

### Canada

- **Colas** : Route 185, Cabano (Québec) : 3 km of upgrading road into highway including 10 km of secondary traffic lanes - €26.9m
- **Colas** : Hwy 58, Rainbow Lake (Alberta) : road construction using asphalt - €10.6m
