MAIN INTERNATIONAL CONTRACTS OBTAINED IN 2011

- By geographical area -

August 2012

EUROPE

Belgium

- **Bageci/BPC/CFE Brabant (CFE, VINCI CONSTRUCTION)** : design, construction, financing and maintenance of Police Headquarters in Charleroi - €42m
- **BPC (CFE, VINCI CONSTRUCTION)** : Upsite, mixed of housing and building of office (77,000 m²) in the Northern district of Brussels - €70m
- **BPC/CFE Brabant (CFE, VINCI CONSTRUCTION)** : Lighthouse, mixed housing and office located in the European district of Brussels - €61.2m
- **CFE Brabant (CFE, VINCI CONSTRUCTION)** : Pole Star, second office building ordered by the group GDF Suez in Brussels - €20m
- **COLAS** : Antwerpen-Mechelen road, excavation and asphalt work - €10.5m
- **Eiffage Benelux (EIFFAGE)** : PPP comprising the construction of the new prison (312-beds facility) in Marche-en-Famenne - €27.6m

- **Eiffage Benelux (EIFFAGE)** : construction of 119 apartments using energy efficiency, Brussels (17,030 square meters) - €20.3m

- **Eiffage Benelux (EIFFAGE)** : construction of Up-Site tower, Brussels, standing 140 meters tall - €108m

- **MBG (CFE, VINCI CONSTRUCTION)** : Mayerhof, construction of home care in Morstel - €18.2m
- **SODRAEP (SADE)** : Brussels, main sewers of Verrewinkel-Uccle-Linkebeek-Dhogenbos : jacking \varnothing 600 mm to \varnothing 1400 mm (2.190 lm), main sewers \varnothing 600 to 1400 mm (2.600 lm), pumping stations (2 U) - €9.9m
- **SODRAEP (SADE)** : Farciennes, refurbishment of all roads and other networks : rain water and sewage PE NPS 100 to 200 (3.134 lm), GAS PE NPS 100 to 160 (3.300 lm), detention basin (35.00 m²) - €9.9m
- **SODRAEP (SADE)** : L'Arquet, main sewer : PRV gravity main sewer NPS 400 (3.040 lm) and PVC NPS 315 (560 lm), 2 jackings NPS 900 (170 lm) - €6.3m
- **SODRAEP (SADE)** : Uccle, restoration network at Verrewinkelbeek (Phase 1) : sandstone of pipes 400 to 1000 (3.750 lm), connections (430 U) - €5.3m
- **SODRAEP (SADE)** : Ecaussinnes, main sewer for "La Sennette" stream : laying of sewage main and lift pump, construction of 3 lifting stations, main sewers NPS 300 and 400 (1.630 lm), reinforced concrete pumping station (3 U), PEHD lift pump \varnothing 110 to 280 mm (1.720 lm) - €5.3m
- **SODRAEP (SADE)** : Gembloux, main sewer at Loncée : laying of reinforced concrete pipes \varnothing 300 to 700 mm (5.000 lm), laying of sandstone pipes \varnothing 300 mm (791 lm), laying of PRV pipes \varnothing 300 mm (56 lm), laying of PEHD pipes \varnothing 90 mm (320 lm), laying of ductile iron pipes \varnothing 80 to 300 mm (1.480 lm) - €3.6m
- **SODRAEP (SADE)** : Lincent, road works (30.900 m²) - €3.2m
- **SODRAEP (SADE)** : Mornimont, construction of the main sewer at Ham-sur-Sambre and isolated pumping (work package 4 - Phase 2) : main sewer and drainage (4.105 lm), laying of reinforced concrete pipes \varnothing 400, 600, 700 and 1200 mm (2.432 lm), laying of sandstone pipes \varnothing 500 mm (48 lm), pumping stations (4), ductile iron lift pump \varnothing 150 to 400 mm (972 lm), laying of PEHD pipe \varnothing 75 to 90 mm (1.040 lm) - €3.1m
- **SPIE Belgium (SPIE)** : Tihange, electrical and maintenance services in the nuclear power plant for Electrabel - €22.3m
- **SPIE Belgium (SPIE)** : Leuze, electrical, piping and HVAC services in the new prison for Régie des Bâtiments Brabant Wallon - €21.9m
- **SPIE Belgium (SPIE)** : Leuven, electrical and HVAC services (Phase IV) for UZL (Hôpital Universitaire de Louvain)- €14.7m
- **SPIE Belgium (SPIE)** : Antwerpen, mechanical services in the refinery for Sea Tank Terminal - €12.8m
- **SPIE Belgium (SPIE)** : Antwerpen, maintenance services in the refinery for Total Raffinage - €7.2m

Czech Republic

- **BOUYGUES CONSTRUCTION** : renovation and extension of the Cerny Most shopping centre in Prague. Creation of more than 40,000 m² of additional space (sales areas, restaurants, cinemas, etc.). The shopping centre is aiming for BREEAM[®] certification. Second largest contract in the history of Bouygues Construction in this country - €73m
- **BOUYGUES CONSTRUCTION** : construction of a new shopping centre in Opava. Proactive environmental approach : the project is aiming for BREEAM[®] GOOD certification - €31m
- **BOUYGUES CONSTRUCTION** : construction of a sewage treatment plant in the city of Náchod. This project is part of the modernization and development of the sewerage system in the region - €8m
- **DEGREMONT** : design, build and operate Prague's wastewater treatment plant, with a capacity of 350,000 m³/d
- **Eurovia CS (EUROVIA)** : construction of Vysocanska Avenue in Prague (5-km) in order to ease the flow of traffic and relieve congestion - €98m

Denmark

- **COLAS** : E45, Skaerup-Vejle south section, asphalt work on new motorway - €9.7m

Germany

- **Eiffage Construction Métallique (EIFFAGE)** : construction of the bridge “Hochmosel Harbour”, 1,700m long deck - €88m
- **Eiffage Construction Métallique (EIFFAGE)** : Wiesbaden central station roof renovation for Deutsche Bahn - €11m
- **Eurovia GmbH (EUROVIA)**, lead contractor in a consortium : A-Modell A9, refurbishment of the A9 motorway as part of a PPP contract awarded to VINCI for a period of 20 years. This is a 3-year project that includes upgrading a 46.5-km section of the motorway, widening a 19-km segment of the A9, and building 24 overpasses - €210m (Eurovia share : €65m)
- **Eurovia Teerbau GmbH (EUROVIA) / Eurovia Verkehrsbau Union (EUROVIA)**, in consortium : widening of the A7 motorway to a dual 3-lane configuration over a span nearly 12 km long - €10m
- **Eurovia Verkehrsbau Union (EUROVIA) / Eurovia Beton (EUROVIA)**, in consortium : construction of the Waldschlösschenbrücke, 636-m bridge spanning the Elbe River in Dresden - €51m (Eurovia share : €17m)
- **Eurovia Verkehrsbau Union (EUROVIA) / Eurovia Beton GmbH [Ingenieurbau Division] (EUROVIA)**, in consortium : redevelopment of the Schwanebeck interchange, which connects highway A10 – Berlin’s ring road – to highway A11, north of the city. The project calls for the widening of the carriageway from a dual two-lane to a dual three-lane configuration, redevelopment of the Weißensee interchange, construction of 9 engineering structures, and repairs to 2 motorways over a 3-km span - €32m
- **NAT (EIFFAGE)** : hardware, software, switch cabinet construction, assembly, commissioning and robot programming (9 control systems, ca. 95 robots) for the body assembly line subarea chassis framework for BMW Dingolfing plant - €2.5m

Hungary

- **COLAS** : M3, phase 4, construction of pavement structure - €12.6m

- **COLAS** : wastewater network, Budapest, pipe laying - €10.5m
- **COLAS** : preventing flood damages program, Felsozsolca, flood protection - €12.2m
- **Magyarsade (SADE) / Alterra / STRABAG** : Budapest, main sewer 4 (work package 3), Csepel sewer system : lift pump NPS 600 mm (12.376 lm), gravity pipes NPS 300 mm (47.344 lm) and NPS 400-1800 mm (4.569 lm), lift pump NPS 160 mm (1.663 lm) - €17m
- **Magyarsade (SADE), 50% / EuroAszfalt, 50%** : Nagykanizsa, reconstruction of the sewer system and water supply network : gravity (24.068 lm), discharge (3.283 lm), connections (11.724 lm) - €10.8m
- **Magyarsade (SADE)** : My Gykanizsa, sewerage work (package 2) : gravity network (24.000 lm), discharge (3.283 lm), connections (11.724 lm) - €5.5m
- **Magyarsade (SADE)** : Hadjuszoboszolo, enlargement of the sewage plant and construction of the associated network : private connection (1.639 U), gravity NPS 160 to 200 (19.4 km), main under lifting pressure (1.035 lm) - €4.9m
- **Magyarsade (SADE)** : Tata, refurbishment and development of a sewage treatment plant of 28.983 inh.eq. : lifting station - €4.5m

Italy

- **Elletromeccanica Galli (EIFFAGE)** : design and realization of electrical works of two old buildings and construction of two new buildings (Politecnico of Milan, New Centre of Engineering in Lecco) - €3.4m
- **RAZEL / Itinera / Mattioda** : Tunnel of Frejus, gallery of safety - €94.6m (Razel share : €33.1m)

Lithuania

- **Eurovia Lietuva (EUROVIA)**, as part of a consortium : refurbishment of aircraft parking areas at Vilnius International Airport for a total surface area of 82,000 m². The project will be carried out without interrupting traffic - €4m

Luxembourg

- **CLE (CFE, VINCI CONSTRUCTION)** : Résidence Château de Beggen, residential development of several buildings of apartments near the district "Kirchberg" - €13.7m

Netherlands

- **Eiffage Construction Métallique (EIFFAGE)** : « Botlek Bridge », lift-bridge in Rotterdam for Dutch Road Traffic Authority - €23m
- **SPIE Nederland (SPIE)** : Rotterdam, multi-technical project on 4 new tanks for chemical products for Rubis - €11.6m
- **SPIE Nederland (SPIE)** : Willemstad, Goereese, engineering and implementation of the maintenance, replacement, protection and repairing of concrete for bridges and locks for Volkeraksluizen Complex - €9.6m
- **SPIE Nederland (SPIE)** : Tiel, UTI-7329, services for the Prince Bernhard locks on behalf of Rijkswaterstaat Utrecht - €8.2m
- **SPIE Nederland (SPIE)** : Wateringen, engineering services for the new station n°5 for TenneT - €6.7m

Norway

- **Kruger Kaldness AS (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : new anaerobic wastewater treatment plant for Borregaard's biorefinery in Sarpsborg a little north of Oslo - €25m

Poland

- **BOUYGUES CONSTRUCTION** : main contractor for the design and construction of the Telekom Polska headquarters. Five buildings on eight levels, including two underground levels to accommodate more than 1,000 parking spaces - €65m
- **BOUYGUES CONSTRUCTION** : construction of a bridge with 2 lanes and a total length of 1,350 m. Main structure for the south-east section of the A4 motorway connecting Zgorzelec, to the west of Poland, with Korczowa, to the east - €27m
- **BOUYGUES CONSTRUCTION** : construction of an office complex comprising both residential and commercial spaces in Warsaw. The project concerns two nine-storey buildings and a seven-storey base - €16m
- **BOUYGUES CONSTRUCTION** : construction of several accommodation buildings and an underground car park in Warsaw - €7m
- **Eiffage Budownictwo Mitex (EIFFAGE)** : construction of the « Amber shopping center » in Kalisz (88,000 square meters) - €39m

- **Eurovia Polska (EUROVIA) / Eurovia CS (EUROVIA)** : upgrading of the 5.5-km-long Kraków Bieżanów-Wieliczka Rynek rail line. This design-build project also calls for renovation of the Kraków Lagiewniki rail station - €16m
- **Eurovia Polska (EUROVIA)**, leading two consortia : construction of the section A of highway A2 between Łódź and Warsaw (29 km) and a segment on expressway S5 linking Poznań and Gniezno (20 km and 24 engineering structures). These projects include earthworks, structural work, and roadway-paving operations. These thoroughfares were opened to traffic in time for the Euro 2012 football championship - €300m
- **Eurovia Polska (EUROVIA)** : refurbishment of the road leading to the port of Szczecin to enhance road safety and ease the flow of traffic - €26.5m

Romania

- **Acvatot (SADE) / STYLE CONSTRUCTION** : Bolintin Deal, design and construction of the sewage network of the village : gravity network PVC 250-400 (14.842 lm), PEHD vacuum network 90-160 (15.083 lm), PEHD discharge 125-280 (2.250 lm), pumping stations (4 U), sewage plant (1 U) - €8m

Serbia

- **Acvatot (SADE)** : Batonica-Kragujevac, gas network : steel pipes NPS 219 (10.000 lm), sleeves for optical fibres NPS 90 (10.000 lm) - €6.8m

Spain

- **Eiffage Energia (EIFFAGE)** : assembly of high voltage airline (220 kV double circuit) that connected substation of Benahadux (Almeria) for Red Electrica de Espana (REE) - €2.3m
- **Probisa (EUROVIA)** : 2 road-maintenance contracts. The first contract calls for maintenance of a 215-km segment of motorway A-4 in Andalusia for a 2-year period. The second contract calls for road maintenance and winterization services for a 4-year period in the southern region of the province of Lugo in Galicia (821 km of roadways) - €15m

Switzerland

- **BOUYGUES CONSTRUCTION** : construction of the “M central” shopping complex at Monthey (south-west Switzerland). It will consist of 6,000 m² of commercial space and 1,300 m² of offices. The complex will also have two accommodation buildings, an old people’s home and a 450-space car park. The complex will be constructed in accordance with the Minergie® standard - €70m
- **BOUYGUES CONSTRUCTION** : construction, in Opfikon (canton of Zürich), of a 4-star business hotel with 239 bedrooms, conference and meeting rooms, a food area with bar and restaurant, and 89 underground and outdoor parking spaces. The building envelope will be constructed according to the the Minergie® standard - €57m
- **BOUYGUES CONSTRUCTION** : construction of a palliative and dementia care centre in the Schönberg-Ost district of Berne. Sustainable construction : Minergie® standard, installation of a woodchip heating system to supply the whole district - €50m
- **BOUYGUES CONSTRUCTION** : excavation of a new cavern and galleries and a surge tank in order to double the pumped storage capacity of the Veytaux electric power plant - €23m
- **SPIE BATIGNOLLES** : Poya, cut and cover tunnel (lot C1 and C) - CHF 44.2m
- **SPIE BATIGNOLLES** : Galerie de la Corbatière - CHF 4.8m

United Kingdom

- **BOUYGUES CONSTRUCTION** : construction of a secondary school in the county borough of Bridgend (Wales) - €38m
- **BOUYGUES CONSTRUCTION** : construction of the Quintin Kynaston Community Foundation School, secondary school in Westminster - €32m
- **COLAS** : Gatwick Airport, runway resurfacing work - €10.8m
- **ETDE (BOUYGUES CONSTRUCTION)** : performance of the technical work sections (electrical engineering, thermal engineering) for the new facilities of West Ferry Printers, one of the main newspaper printers in the UK - €8m

- **EUROVIA** : 5 contracts to provide maintenance services to road infrastructure in the counties of North Yorkshire, Shropshire, Cheshire West and Chester City, Cheshire East, and Essex. The latter two contacts are joint ventures with the U.S.-based firm, Jacobs - *€1.7MM*
- **Nuvia (Soletanche Freyssinet, VINCI CONSTRUCTION)** : SDP Main Plant PMI 1035, design of a waste management plant in Sellafield - *€25.7m*
- **Nuvia (Soletanche Freyssinet, VINCI CONSTRUCTION)** : Health Physic Framework contract for the BE British reactor - *€10.6m*
- **SPIE UK (SPIE)** : London, facilities management for Imperial College - *€21.3m*
- **SPIE UK (SPIE)** : Llandough, Wales, mechanical, electrical and plumbing services to new Mental Health Unit Hospital for Llandough Hospital - *€10.4m*
- **SPIE UK (SPIE)** : Braknell, Surrey, facilities management for Syngenta - *€8.6m*
- **SPIE UK (SPIE)** : Nottingham, electrical installation on existing power station for Doosan Babcock Scrubber Phase - *€6.3m*
- **VINCI Construction Grands Projets (VINCI CONSTRUCTION)**, 26.67% / Balfour Beatty, 26.67% / Morgan Sindall, 26.67% / **Soletanche Bachy Ltd (Soletanche Freyssinet, VINCI CONSTRUCTION)**, 10% / Alpine BeMo Tunnelling GmbH, 10% : Crossrail project, major new cross-London rail link to serve London East/West (Lot 510) : construction of the Liverpool Street and Whitechapel station tunnels and associated works for Strategic Rail Authority and Corporation of London - *€78.6m* (VINCI Construction Grands Projets share)
- **VINCI Construction UK Limited (VINCI Construction)** : Tramlink Nottingham, Nottingham Express Tramway : design and construction of two new lines to expand the existing network by 17.5km, plus extension of depot, delivery of several bridges and significant utility diversions - *£431.55m* (VINCI Construction UK share : *£232.355m*)
- **VINCI Construction UK Limited (VINCI Construction)** : Streatham Hub, design and construction of a mixed use development comprised of a flagship Tesco store, leisure centre inc. pools and ice rink, temporary/new TfL bus interchange and 250 residential flats - *£81m*
- **VINCI Construction UK Limited (VINCI Construction)** : Tesco, West Bromwich, design and construction of new retail and leisure development involving demolition/site clearance, Tesco Extra Store plus 36 retail units with partially covered walkways and a cinema - *£46.124m*
- **VINCI Construction UK Limited (VINCI Construction)** : Ealing Common and Upminster depot upgrade (Nominee SSL Limited) : design & construct upgrade including building extension, new berthing and stabling - *£44.3m*
- **VINCI Construction UK Limited (VINCI Construction)** : Byron House Nottingham, UPP, design and construction of student accommodation to provide 911 rooms over two nearby sites, plus three warden flats, sports facilities, retail space, Student Union services and a venue - *£41.3m*
- **VINCI Construction UK Limited (VINCI Construction)** : Crossrail Limited, Connaught Tunnel and surface railway works : upgrade 2km stretch of existing disused North London Line to meet Crossrail standards - *£34.13m*
- **VINCI Construction UK Limited (VINCI Construction)** : Circle Health, Manchester, design and construction of a 10,000sqm elective care hospital to include six operating theatres, 40 bedrooms and IVF, MRI, X-ray and CT facilities - *£29m*
- **VINCI Construction UK Limited (VINCI Construction)** : Crossrail Limited, Victoria Dock Portal, new cut and cover portal structure within the corridor of the disused North London Line - *£26.1m*

- **VINCI Construction UK Limited (VINCI Construction)** : Tesco Stores, Project Cactus, Reading Distribution Centre : design and construction of an 84,000sqm facility including a vehicle maintenance unit, vehicle wash and refuelling and a gate house, completed to a BREEAM Excellent standard - £27m
- **VINCI Construction UK Limited (VINCI Construction)** : Halton Borough Council, Wade Deacon High School, Widnes : design and construction of a new three storey facility behind the existing school, which will be part demolished but with retention of the façade and refurbishment of associated rooms, plus new sports hall and pitches - £25.319m
- **VINCI Construction UK Limited (VINCI Construction)** : Crossrail Limited, Liverpool Street Station : public utility diversions and construction of new London Underground Powerlink Substation, switchrooms, Station Operation rooms and Sprinkler Valve Chamber, plus concrete lining of cable tunnel - £22.671m
- **VINCI Construction UK Limited (VINCI Construction) / Balfour Beatty / Morgan Sindall / VINCI Construction Grands projets (VINCI Construction)** : Crossrail Limited, Whitechapel main works : piling, civils and structural works to form new station access shafts, involving temporary propping, monitoring, construction of new ticket hall and platforms, fitout and M & E services - £106m (VINCI Construction UK share : £22m, VINCI Construction Grands Projets share : £6m)
- **VINCI Construction UK Limited (VINCI Construction)** : VINCI Education (Bradfield) Limited, Bradfield School, Sheffield : demolition and construction project to replace existing school with new 8,600sqm facility plus new sports hall, biomass energy centre and provision of temporary facilities during construction - £21.98m

AFRICA

Algeria

- **Entrepose Contracting (VINCI CONSTRUCTION)** : construction contract for PETROFAC including all erection and pre-commissioning activities of two compression units, for "El Merk" Central Processing Facilities, new oil field development, located in South East Algerian desert - €44m

Angola

- **SPIE Oil & Gas Services (SPIE)** : provision of general maintenance services on Dalia FPSO facilities for Total E&P Angola - €16m

Benin

- **Sogea-Satom (VINCI CONSTRUCTION)** : port of Cotonou, civil works and infrastructure - €16m

Burkina

- **SADE** : sewerage system for Ouagadougou (work package 2) : NPS 200-250 (18.000 lm), NPS 160 (18.000 lm), connections (400 U) - €4.1m
- **Sogea-Satom (VINCI CONSTRUCTION)** : Di perimeter, public works and civil engineering - €39m

Burundi

- **Sogea-Satom (VINCI CONSTRUCTION)** : Gitega-Ngozi, road works - €26.5m

Cameroon

- **DTP Terrassement (BOUYGUES CONSTRUCTION)** : renovation works on the road between the towns of Figuil and Magada. Project financed by the European Development Fund - €28m
- **RAZEL** : urban roads and miscellaneous projects - €30.5m
- **Sogea-Satom (VINCI CONSTRUCTION)** : Ndop-Kumbo, road works - €28.6m
- **Sogea-Satom (VINCI CONSTRUCTION)** : La Méfou treatment plant, civil engineering/hydraulics - €29.6m

Canary Islands

- **DEGREMONT** : contract to build the new ERU plant in Tenerife using a thermal hydrolysis sludge treatment system (Cambi)

Central African Republic

- **Sogea-Satom (VINCI CONSTRUCTION)** : Bouar-Fambélé, road works - €27m

Chad

- **CFE Tchad (CFE, VINCI CONSTRUCTION)** : construction of the « *Grand Hôtel* » in N'Djamena - €74m
- **Sogea-Satom (VINCI CONSTRUCTION)** : Gassi-Dourbali, road works - €64.5m

Equatorial Guinea

- **Bessac (Soletanche Freyssinet, VINCI CONSTRUCTION)** : sewer construction in the port of Bata, main collector (1.5 km diameter, 5.8 km long) to be bored by microtunnelling machine - €12m
- **RAZEL** : Bata skirting - €46.5m
- **RAZEL** : Malabo II - €63.1m
- **RAZEL** : Sipopo parking and roads 703/704 - €17.5m
- **RMT (Clemessy, EIFFAGE)** : lighting around the stadium of Bata, which hosted the African Cup of Nations - €3.8m
- **RMT (Clemessy, EIFFAGE)** : contract for the electrification of the island of Malabo, from Riaba to Bakake Grande - €15.2m

Gabon

- **COLAS** : Airport, Port Gentil, runway refurbishment work - €10.5m
- **COLAS** : stadium, Libreville, refurbishment and development of access roads - €10.1m
- **ETDE (BOUYGUES CONSTRUCTION)** : deployment of an overhead power line for a distribution, rural electrification and public lighting network and a fibre optic link in the north (Woleu-Ntem province) - €48m
- **SPIE Oil & Gas Services (SPIE)** : Anguille redevelopment project, electricity, instrumentation and telecom contract for the construction, transportation and installation of offshore existing platforms modifications on behalf of Ponticelli Gabon - €15m

Ghana

- **Eiffage Énergie Transport & Distribution (EIFFAGE)** : connection Tumu-Han-Wa (190 km of high voltage airline, 12 substations 161 kV and 2 extension of substations) for GRIDco - €90m

Guinea Bissau

- **RMT (Clemessy, EIFFAGE)** : turnkey diesel plant 5 MW in Bissau - €7.3m

Ivory Coast

- **DTP Terrassement (BOUYGUES CONSTRUCTION)** : excavation work for the Tongon gold mine. Blasting and earthworks of more than 80 million m³ in 10 years - €14m in 2011 (contract over several years)

Mali

- **DTP Terrassement (BOUYGUES CONSTRUCTION)** : 7-year contract on the Goukoto mine for drilling, blasting and earthworks of 58 million m³. In partnership with the client Randgold Resources - €15m in 2011 (contract over several years)
- **ETDE (BOUYGUES CONSTRUCTION)** : operations to reinforce and extend the electricity network - €7m
- **RAZEL / Sogea-Satom (VINCI CONSTRUCTION)** : Bamako airport, public works and civil engineering - €32.2m (Razel share : €16.1m, Sogea-Satom share : €16.1m)
- **RAZEL / Sogea-Satom (VINCI CONSTRUCTION)** : Niono-Goma Coura road - €28.4m (Razel share : €14.2m)
- **Sogea-Satom (VINCI CONSTRUCTION)** : Lere-Tombouctou, road works - €75m

Mauritius

- **COLAS** : Sir Sawoosagur Ramgoolam International Airport, overlay of existing runway pavement drainage, marking, work on taxiway - €46.1m

Morocco

- **BOUYGUES CONSTRUCTION** : main contractor for works to extend the Jorf Lasfar thermal power plant. Creation of two additional units, each with an output of 350 megawatts (MW), to increase the plant's production capacity from the current 1,360 MW to more than 2,100 MW by 2014 - €18m
- **COLAS** : tramway, Casablanca, 45,000 m³ of excavation work, 430 km of duct construction, 17,000 m² of paving - €19.5m
- **COLAS** : Tanger-Kénit high speed line for ONCF, heavy excavation and embanking works - €22m

- **OTV Maroc PF (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : supplying of treatment EP by filtration and demineralization for ONEP (National Office for Drinking Water of Morocco) - €25m
- **Sogea-Satom (VINCI CONSTRUCTION)** : Renault, civil engineering - €101m
- **Sogea-Satom (VINCI CONSTRUCTION)** : Jorf Lasfar, civil engineering - €46m

Mozambique

- **RAZEL / CMC** : RN1, Ligonha-Nampula road - €28.1m (Razel share : €14m)

Niger

- **Sogea-Satom (VINCI CONSTRUCTION)** : Niamey-Namaro, road works - €24m

Nigeria

- **CFE International (CFE, VINCI CONSTRUCTION)** : Ecko Guest House, tower building including apartments, business and leisure centers - €37m
- **DEGREMONT** : Kashimbila, construction of a drinking water plant to produce 60,000 m³/d
- **Eiffage Construction Métallique (EIFFAGE)** : offshore accommodation platform for Total E&P Nigeria Ltd - €225m
- **SPIE Oil & Gas Services (SPIE)** : provision of general maintenance services for OML 99 (Amenam) offshore facilities on behalf of Total E&P Nigeria Limited - €6m

Republic of Congo

- **Entrepose Contracting (VINCI CONSTRUCTION)** : turnkey projects for TOTAL E&P Congo involving the construction of a 20,000m³ settling tank at the Djeno terminal - €24m

Republic of Djibouti

- **VINCI Construction Grands Projets (VINCI CONSTRUCTION)** : upgrading Djibouti's drinking water supply network for ONEAD. The contract covers the rehabilitation of 34 wells, sectorisation works, repairing leaks in defective existing infrastructure, as well as laying of 150 km of pipes and providing 6,000 connections - €15.2m

Republic of Guinea

- **RMT (Clemessy, EIFFAGE)** : rehabilitation and extension of electricity networks within the city of Conakry - €8.2m

Republic of South Africa

- **DEGREMONT** : installation of a pre- and post-ozonisation system in the Roodeplaat drinking water treatment plant

Senegal

- **Eiffage Sénégal (Eiffage Travaux Publics, EIFFAGE)** : lot 1, construction of link roads to the main motorway (9.3 km - 3x2 lanes) ; Lot 2, construction of RN1 from Rufisque to Diamniado and urban roads in Rufisque (4 km - single lane) - €47.9m

- **Eiffage Sénégal (Eiffage Travaux Publics, EIFFAGE)** : multiyear maintenance works contract, Kaolack and Kaffrine areas - €35.7m
- **Eiffage Sénégal (Eiffage Travaux Publics, EIFFAGE)** : multiyear maintenance works contract, Fatik area - €31.1m
- **Eiffage Sénégal (Eiffage Travaux Publics, EIFFAGE)** : primary development for servicing 2,500 ha of private irrigation network along Gorom river for SAED - €4.6m
- **Eiffage Sénégal (Eiffage Travaux Publics, EIFFAGE)** : Lamine Gueye road-Tirailleur place, construction of urban highway (dual lane, 900m) - €3.3m
- **SADE** : Beer-Thialane, renovation of the irrigation system : supply and laying of PEHD pipes Ø 300 mm Ø 600 mm (28.700 lm) - €4.6m
- **SADE** : Dakar, AEP Beer-Thialane : PEHD Ø 400 mm and Ø 600 mm (26.500 lm) - €3.5m

Tanzania

- **DEGREMONT** : extension of the drinking water plant in Dar es Salaam, with a capacity of 90,000 m³/d
- **Sogea-Satom (VINCI CONSTRUCTION)** : Arusha-Minjingu, road works - €31m

Tunisia

- **HPD Spain (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : Alkimia (producer of Tripolyphosphate of Sodium STPP) will use technologies of water treatment of VWS to treat the water from its Sodium Sulfate Plant - €25m

Uganda

- **OTV (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : Design, Build and operation on the Kampala Sanitation Scheme Phas, with a capacity of 45,000 m³/day - €25/50m

NEAR & MIDDLE EAST

Bahrain

- **VWS O&G (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : implementation of a water injection pilot to the periphery of the Mauddud Reservoir in order to boost reservoir pressures and increase production in order to treat the liquids from the Awali oil reserve - €25/50m

Iraq

- **Entrepose Contracting (VINCI CONSTRUCTION)** : engineering, procurement and construction of three conventional floating roof oil storage tanks with a capacity of 66,000 cubic metres each, as part of the West Qurna 2 project development, for LUKOIL- \$61m
- **VWS Emirates (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : Design and Build of a system of water treatment for a river with a capacity of 206,400 m³/d (clarification and filtration with VWS manufactured equipments : DiscFilters™ made in Hydrotech swedish factory and packages Actiflos™ made in VWS Saudi factory) - €25m

Jordan

- **NAWS (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : purchase, start and build for the waste water clean up municipal factory of Mafrag with a capacity of 6,550 m³/d (1,800 m³ initially) - €25m

Kuwait

- **OTV International (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : Design, Build and operation of a new unit of sea water desalination by reverse osmosis on the Az Zour South station for the Ministry of the Electricity and the Water, with a capacity of 136,000 m³/day - €50/75m

Qatar

- **DEGREMONT** : extension of the wastewater treatment and recycling plant of Doha West, with a capacity of 175,000 m³/d (650,000 people)
- **SPIE Oil & Gas Services (SPIE)** : O&M Ras Laffan Common SeaWater facility for Qatar Petroleum - €33m
- **VINCI Construction Grands Projets (VINCI CONSTRUCTION)**, 49% / Qatari Diar, 51% : Lusail Light Rail Transit (phase 2C 1a) for Qatari Diar : design and construction of 8 underground stations, of a viaduct over the motorway between Doha and the Northern part of the country and preliminary works on a LRT depot and maintenance workshop - €185m (VINCI Construction Grands Projets share)

Saudi Arabia

- **SIDEM (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : supply of technology for a desalination water station (Yanbu II) with a capacity of 63,348 m³/day - €25/50m

- **SPIE Oil & Gas Services (SPIE)** : Al Jubail, precommissioning and commissioning for Saudi Aramco/Total - €30m

ASIA / OCEANIA

Australia

- **DEGREMONT** : management of the City of Adelaide water and wastewater services (1.1 million people)
- **Freyssinet Australie (Soletanche Freyssinet, VINCI CONSTRUCTION)**, 50% / FIC, 50 (**Soletanche Freyssinet, VINCI CONSTRUCTION**) : design, supply and construction of the deck of the Adelaide Superway in segmental precast construction - €13.3m
- **HPD US (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : equipment and engineering services to implement a "Brine Concentrator Technology" to reduce significantly the volume of process water in the ranger Mine and produce a pure distillate in agreement with strict requirements on the discharges (Darwin) - €25/50m

- **Menard Bachy (Soletanche Freyssinet, VINCI CONSTRUCTION)** : Barangaroo, Sydney, seafront redevelopment : design and build the peripheral basement wall. It consists of a 13,000 sq. meters diaphragm wall and 650 ground anchors - €30.8m
- **MPP (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : providing a MPPE unit (Produced / Process / Wastewater) which is part of the ship built for Shell using the Floating Liquefied Natural Gas (FLNG) technology - €25m

- **VSL (BOUYGUES CONSTRUCTION)** : construction of an open trench tunnel inside the existing Perth Railway Station - €11m
- **VWS Australia (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : Design and Build of a water treatment system on the project Gladstone Liquefied Natural Gas (GLNG) of Fluorine in Queensland - €25m

China / Hong-Kong

- **DEGREMONT** : third major contract in China related to the installation of two INNODRY 2E lines in the new economic region of Tianjin Binhai
- **DEGREMONT** : contract for the effluent treatment plant project of the Wuhan chemical industrial estate
- **Soletanche Bachy Group Limited (Soletanche Freyssinet, VINCI CONSTRUCTION)** : Airport P532, execution of large diameter bored pile foundations for the extension of Hong Kong International Airport. The works comprise the installation of 222 piles with diameters varying from 1.5m to 3.0m and a maximum depth of 100m - €31.9m
- **Soletanche Bachy Group Limited (Soletanche Freyssinet, VINCI CONSTRUCTION)** : CWB Hong Kong, underground East-West Expressway across Hong Kong Island : construction of 37,000sqm of diaphragm walls and barrettes (at the Victoria Harbour site) - €26.3m
- **Soletanche Bachy Group Limited (Soletanche Freyssinet, VINCI CONSTRUCTION)** : XRL 823B, Hong Kong, emergency rescue station : cut and cover tunnels in diaphragm walls (1,200sqm, depth 20-40m) - €11.9m
- **VSL (BOUYGUES CONSTRUCTION)** : construction of a tunnel portal in the centre of the financial district of Hong Kong as part of a road project. VSL has been made responsible for installation of barrettes and the construction of diaphragm walls - €9m

India

- **DEGREMONT** : rehabilitation and operation of the Rithala wastewater treatment plant
- **Soletanche Bachy (Soletanche Freyssinet, VINCI CONSTRUCTION)** : Subansiri dam, construction of a 50m deep cut-off wall, for the 116m high concrete gravity dam under construction across the Subansiri river in the State of Assam (North East of India) - €11m

- **VSL (BOUYGUES CONSTRUCTION)** : construction of a 5.5 kilometre bridge over the Ganges. The bridge will connect two national motorways - €22m

Indonesia

- **Entrepose Contracting (VINCI CONSTRUCTION)** : contract in shallow water operations to construct the near shore installation of the Total South Mahakam 24" gas pipeline together with the Pearl Oil Ruby 14" gas pipeline, totally 22km pipelay offshore TOTAL Gas processing plant in Senipah, Kalimantan Timur - \$22m

Malaysia

- **COLAS** : light metro, Kelana Jaya, 17.4 km of extension line and construction of 13 stations - €96.4m
- **VINCI Construction Grands Projets (VINCI CONSTRUCTION)** : Berjaya Central Park, Kuala Lumpur for Wangsa Tegas : turnkey construction of a 9-storey podium block and a 46-storey office tower and structural construction of a 48-storey Ritz Carlton residential tower. Total area : 185,000sqm - €53.8m

Philippines

- **SEA South East Asia (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : Design and Build of a sewage treatment plant for Marikina North (Client : Manila Water) with a capacity of 100,000 m³/day - €25m

Singapore

- **BOUYGUES CONSTRUCTION** : construction of the Blossom Residences residential complex which is part of a housing programme benefiting from financial support from the local government to promote access to property for Singaporeans. Residential complex of 90,000 m² consisting of three buildings of 16 to 18 storeys - €93m
- **BOUYGUES CONSTRUCTION** : construction of a very high-end residential tower in Singapore. Located in one of the most prestigious districts (Ardmore Park), this 17,400 m² building will have 35 homes on 36 levels - €64m
- **VSL (BOUYGUES CONSTRUCTION)** : construction of a liquefied natural gas tank (after winning contracts for two previous tanks in 2010) - €7m

South Korea

- **Freyssinet (Soletanche Freyssinet, VINCI CONSTRUCTION)** : Suwon-Kwangmyeong bridge, construction of the pylon, deck and stay cable - €22.2m

Thailand

- **BOUYGUES CONSTRUCTION** : construction of a prestigious residential complex in Bangkok. The 185 Rajadamri condominium will have a 78,300 m² footprint, and will consist of 2 towers of 38 and 42 levels, connected by a communal hall - €20m
- **ETF-Eurovia Travaux Ferroviaires (EUROVIA)**, as part of a consortium : leading a 2-year project to upgrade 300 kilometers of rail lines northeast of Bangkok - €190m (Eurovia share : €95m)

Turkmenistan

- **BOUYGUES CONSTRUCTION** : design and construction of a luxury hotel on a hill overlooking the capital - €194m
- **BOUYGUES CONSTRUCTION** : construction of the new Ministry of Economy and Finance, consisting of five buildings in the shape of cotton flower petals. The main buildings of the ministry are two 80-metre towers connected by a walkway on the top storey - €104m

Vietnam

- **SODRAEP (SADE)** : Cua Lo, contract for design work and supplies (work package 2) : main sewers (PVC pipes Ø 200 to 500 mm, 88 km), lift pump (cast iron or PEHD pipes, 5.5 km), 14 pumping stations, electronic equipment for a sewage treatment station (5.000 m³/day) - €9.4m

NORTH AMERICA

Canada

- **BA Blacktop (EUROVIA)** : construction of a two-lane overpass at 80th Street in Delta, British Columbia. The project includes upgrades to a 1.5-km segment, development of a retaining wall, and construction of a 30-metre-long concrete overpass - €10m
- **COLAS** : Highway 73 (Quebec), roadway on an overpass - €10.8m
- **COLAS** : Highway 410, Sherbrooke (Quebec), roadway extension, construction and redevelopment of bridges - €34.3m
- **COLAS** : Highway 85, Dégelis (Quebec), road construction - €32.1m
- **COLAS** : Highway 73, St-Joseph and St-Anges (Quebec), widening project - €23.1m
- **COLAS** : airport, Fort McMurray (Alberta), expansion and redevelopment of the taxiways, apron, and service roads including parking lot - €41.2m
- **COLAS** : Janvier access road, Anzac asphalt walkway, Fort McMurray (Alberta) : construction of a 6.5-km foot path - €12m
- **COLAS** : Calgary International Airport (Alberta), construction of taxiway - €12m
- **COLAS** : logistic park, Calgary (Alberta), construction of a multimodal logistical platform - €50.7m
- **COLAS** : Highway 08, Donnelly (Alberta), asphalt pavement work - €13.7m
- **DJL (EUROVIA)** : as part of a project to extend highway 410 designed to bypass the city of Sherbrooke, Quebec, DJL (Eurovia) is diverting a 1.7-km segment of Route 108-143 as well as building an overpass and two roundabouts - €7m
- **Freyssinet Canada (Soletanche Freyssinet, VINCI CONSTRUCTION) / Tierra Armada Espana (Soletanche Freyssinet, VINCI CONSTRUCTION)** : Windsor Ontario, manufacturing of precast beam on Windsor project - €11.4m
- **HPD US (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : Osum Oil Sands Corp. will use water treatment technologies from Veolia Water Solutions & Technologies to process produced water from its Taiga Project at Cold Lake in Alberta - €25m

United States

- **Biothane (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : Poet (the world's largest producer of ethanol) will use an MBR technology of VWS to treat the water produced by its Project in the USA - €25m
- **Blythe Construction (EUROVIA)** : works on highway I-485 in Charlotte, North Carolina. This finance-design-build contract targets a 5-mile (8-km) segment of the highway, which must be delivered in December 2014. The contract includes construction of 17 overpasses - €114m
- **COLAS** : Altoona city (Pennsylvania), upgrade to existing waste water plant including construction of a new pre-treatment building - €16.4m
- **COLAS** : Franklin and Cumberland (Pennsylvania), widening of turnpike from 2 lanes to 3 lanes in each direction - €23.3m
- **COLAS** : I-55, Perry, Cape and Scott counties (Missouri), 43.35 miles of resurfacing work - €11.1m
- **COLAS** : Washington county (Florida), widening 4 lanes and refurbishment of 2 bridges - €15.5m
- **COLAS** : Anchorage International Airport (Alaska), refurbishment, extension and widening of runway - €23.2m
- **COLAS** : airport, Deadhorse (Alaska), runway refurbishment and resurfacing - €14.7m
- **COLAS** : Seward Highway, Anchorage (Alaska), widening the highway to 5 lanes and improving frontage roads - €28m
- **Hubbard Construction (EUROVIA)** : design and build of a 13-mile (about 21-km) extension to express lanes on I-95 in Miami, Florida, which will be used by some 53,000 vehicles every day - €64m
- **NAWS (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : Design and Build of an Advanced Mine Water Treatment facility in a mining complex in Northern West Virginia - €25/50m
- **NAWS (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : Design and Build of a water treatment station for an oil field at the PXP's Arroyo Grande Oilfield in San Luis Obispo County, California - €25/50m
- **NAWS (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : Design and Build of a water treatment system in the Mountain Pass mining project in California. The system will treat water and recycle wastewater utilized in the mining and mill operations as well as the plant's associated chlor-alkali and cogeneration facilities - €25/50m
- **Nicholson Construction (Soletanche Freyssinet, VINCI CONSTRUCTION)** : grout work on the new Port of Miami Tunnel, which will provide a direct connection from the port to Watson Island - €27.2m
- **RECO USA (Soletanche Freyssinet, VINCI CONSTRUCTION)** : North Tarrant Expressway, design and supply of more than 140,000sqm of Terre Armée® retaining walls for the design-build North Tarrant Express (NTE) roadworks project in Texas - €14.1m

LATIN AMERICA

Brazil

- **DEGREMONT** : installation of a pulp bleaching (60kg O₃/h)

- **HPD US (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)**, 50% / ENFIL, 50% : Process Water Treatment PETROBRAS offshore oil production project in Campos Basin, with a capacity of 54,000 m³/day - €25m
- **VWS Brazil (VEOLIA WATER SOLUTIONS AND TECHNOLOGIES)** : construction of two water treatment stations at Suzano's new manufacturing plant in Imperatriz (Maranhão), with a capacity of 35,000 m³/day. Suzano is one of the largest producers of pulp and paper from eucalyptus in the world - €25/50m

Chile

- **Bitumix (EUROVIA)** : rehabilitation of a 25-km section of the famed Panamerican highway in the oasis of Quillagua right in the Atacama desert, which is reputed to be the most arid place on earth. The company is also repaving the 45-km roadway linking Antofagasta to the industrial port of Mejillones - €29m
- **VINCI Construction Grands Projets (VINCI CONSTRUCTION)**, 60% / **Soletanche Bachy (Soletanche Freyssinet, VINCI CONSTRUCTION)**, 40 % : El Teniente mine, contract to design and build two tunnels for CODELCO, the country's national copper company : drilling and blasting of two 9 km tunnels, each with an average cross section of 65 sq metres, together with two intermediate access tunnels totalling 6 km - €277.6m (VINCI Construction Grands Projets share : €165.5m, Soletanche bachy share : €112.1m)

Colombia

- **Soletanche Bachy (Soletanche Freyssinet, VINCI CONSTRUCTION)** / Conconcreto / Dredging International : design and build contract for the construction of a 400 m long wharf and 1,200 m long jetty in Puerto Brisa - €14.1m

Jamaica

- **BOUYGUES CONSTRUCTION** : continuing the "Highway 2000" project, design and construction of a 10.5 km section of a 2x2 lane motorway. The project includes standard structures : 2 overpasses, 2 underpasses and 4 box culverts and a full lane barrier for 8 toll lanes - €80m
- **VINCI Construction Grands Projets (VINCI CONSTRUCTION)** : rehabilitation of Mona and Hope water treatment plants for National Water Commission : the upgrade will restore the Mona and Hope plants' initial capacities of 68,000 m³/day and 29,500 m³/day, respectively. The treatment process for raw water intake at the head of the plants includes coagulation, flocculation, decantation, and filtration (rapid sand filters for Mona and slow sand filters for Hope) - €12.5m

Mexico

- **DEGREMONT** : 15-year extension of the contract to operate the Ciudad Juarez plant, with a capacity of 311,000 m³/d
- **Soletanche Bachy (Soletanche Freyssinet, VINCI CONSTRUCTION)** : Torre Bancomer, Mexico, civil engineering : slabs, beams and columns of the excavation - €23.9m

Peru

- **SADE** : Lima North (Comas), rainwater and sewage network : NPS 300 to 800 Ft (23.000 lm), valve chambers and control (88 U), refurbishment of the civil engineering on 23 sites, remote control and regulation of the 23 sites - €18m

Trinidad and Tobago

- **VINCI Construction Grands Projets (VINCI CONSTRUCTION)** : Churchill Roosevelt highway and Uriah Butler highway interchange, Trinidad (Package C) for National Infrastructure Development Co Ltd : design and construction of 2 composite bridges, 61 m long each - €21.7m

Uruguay

- **DEGREMONT** : design and build 3 facilities to handle the pulp mill's industrial water cycle for Montes del Plata
- **Soletanche Bachy (Soletanche Freyssinet, VINCI CONSTRUCTION)** : new quay "Muelle C", located in the heart of the Port of Montevideo. This contract includes the design and construction of a 330m long deck on 228 concrete bored piles at the maximum depth of 39m (total 7,000m), the reclamation and paving of a 5ha container yard and the dredging of the access channel - €15.2m

Venezuela

- **COLAS** : Los Teques metro, line 2, Caracas : extension of the existing line including coordination work, installation of pumps, fire alarm network and auxiliary electrification system - €96.7m

ooo
